

# Career Connect's Careers Leaders Programme

Funded for the second year by CEC, Career Connect is proud to be a provider of a Level 6 accredited Careers Leaders Programme across the North West. Our course offers a flexible supportive approach to delegates. As a response to Covid 19 we are currently delivering our programme through Microsoft Teams, but will resume face to face delivery as soon as circumstances permit.

We develop middle or senior managers as specialist Careers Leaders. Over an academic year, the Careers Leader will design, implement and evaluate a whole school/college improvement strategy that ensures progress towards achieving and sustaining all eight Gatsby Benchmarks. The programme is tailored to meet the needs of each school or college and provides a foundation for long-term improvement through blended learning modules including 2 training sessions each term, digital resources and personalised support. Delegates will complete 3 Accredited Units from the Level 6 Diploma in Career Guidance and Development and will have the opportunity to network, develop lasting partnerships and develop practical strategies for improving their school or college's careers programme.

*"The Careers Leader course made me realise how fundamental quality career information, advice and guidance is needed in schools. It allowed me to confidently implement a whole school career plan, evaluate performance and feedback to SLT with recommendations. I thoroughly recommend at least 1 teacher from every school to complete the course, as it allows you to create a coherent career programme with confidence".*

**P. Richards, Careers Lead, Calderstones School.**
