

The Career Connect Quality Award

Who We Are

Career Connect are a Charity, with a proven track record of delivering professional careers services. We are passionate about supporting schools and colleges to deliver world class careers programmes which are internationally benchmarked and rooted in best practice.

Why Invest in a Quality Award

Investing in a nationally recognised award gives schools and colleges the opportunity to meet their statutory requirements and achieve each Gatsby Benchmark. Assessing the impact of a careers programme will create a framework for agile and effective CEIAG delivery.

Why Choose Us

Career Connect was the first organisation in the country to achieve licenced status. Our approach is one of partnership, coordination, rigorous assessment, effective support and challenge.

Our Approach

Career Connect allocate each customer an expert assessor who will coordinate and mentor you through the award, by facilitating supportive assessment meetings that result in a SMART action plan and a clear timeline for successful completion
